Horseback Riding - Rates 2024

Valid from 1/11/2023 until 31/10/2024. Rates include 15 % VAT.

For us, our **horses** are not just farm animals, but **belong to our extended family**. Each of our horses has its own character, its likes and dislikes, its own life story.

We understand **riding** as part of a mutual relationship between man and horse, based on mutual consent. We do everything to ensure that **rider and horse enjoy** their ride **equally**.

Safety and **health** for rider and horse is our top priority. Therefore, we strictly adhere to the international **maximum weight** for riders of **90 kg**.

We have high-quality **warmblood horses** that we breed and raise at BullsPort. For smaller riders, we also have cobs (smaller than 155 cm at the withers = highest point of the back between the shoulder blades).

All horses are **well** fed and **cared for**. The care includes regular hoof care by a farrier, control of internal and external parasites, vaccinations and semi-annual examinations including teeth by a specialist veterinarian for horses.

All horses have a **calm nature**, are **well trained** and are **ridden regularly**. Therefore, we can also offer (short) rides to beginners. As our horses know the terrain, they are absolutely sure-footed.

For riding we use trail saddles or English tack saddles. We provide hard hats, gloves and mini chaps (to protect the trousers from thorns). The **wearing of hard hats is compulsory**.

All rides are **exclusive** on a first come first served basis and are limited to **four riders per group**. All rides are **customised** and led by an experienced **riding guide**. He or she assesses the rider's level of experience, selects the **most suitable horse** for him or her and adapts the ride accordingly.

The riding activities for **children** are also based on their riding ability. The riding guide decides whether and how the child interacts with the horse.

A **horseback ride** is only possible for **children over the age of six**. It is conducted exclusively at a walk. For children between the ages of six and nine, the riding guide leads the horse beside him or her by the halter rope. Children under six can sit on the horse and pet it. They can also be led around the farmyard on the horse accompanied by a parent.

The effort for children is basically greater than for adults. We, therefore, ask for your understanding that we cannot grant a child allowance.

Horseback riding (rates per person; no discounts for children)	1 p.	from 2 p.
Please book all rides in advance , as the horses often graze in the veld.	N\$	N\$
